Studded rubber mat

The studded mats are made of flexible rubber with a closed structure; this structure makes it hard for dirt to cake to the mat and makes cleaning easy. The fabric reinforcement provides a stable and solid mat. The studs underneath the mat have a spring-type effect for better lying comfort. The mats are available by the roll or cut to size. Easy to assemble and suitable for almost any freestall dividers.

Important features

- Durable;
- Permanently flexible;
- Non-slip;
- Thickness 20 mm;
- Width: 180 and 160 cm;
- Available by the roll (60 m) or cut to size.

05.20.181

05.20.280
