5 – 10 cm

10 – 20 cm

Complete set of feed front fasteners (4 angle pieces)  
for mounting 1 feed front between barn posts

0 – 7 cm

5 – 12 cm

10 – 17 cm

#### Universal spacer

With our universal spacer the feed front can be placed in an inclined position. In this way larger animals do not lean against the upper part of the barrier with their necks when they are eating.

Universal spacer 15 cm, with bolts

#### Connecting strips

Included with our self-locking feed fronts are connecting strips of 0-9 cm. If the spacing between two feed fronts is bigger than 9 cm, longer connecting strips need to be ordered.

Connecting strip for self-locking feed front

0 – 9 cm (standard at each feed front)

9 – 19 cm

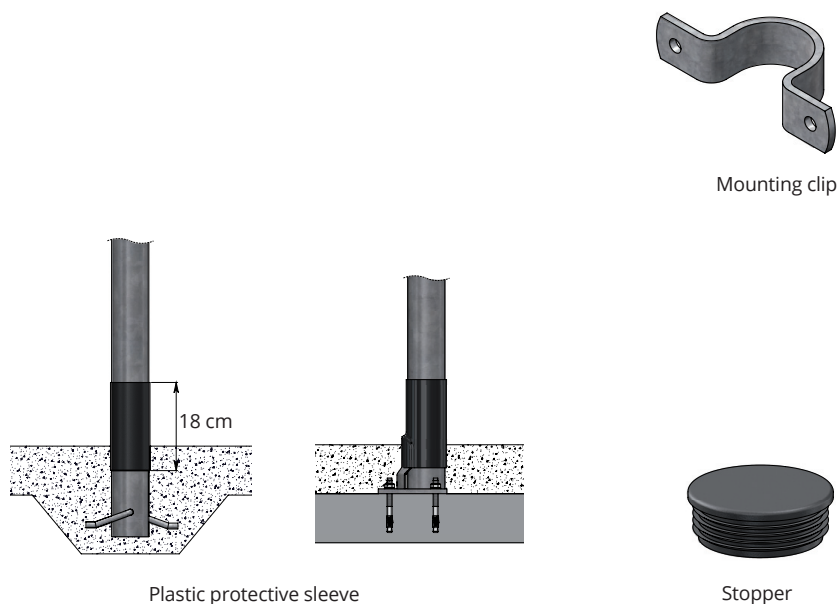

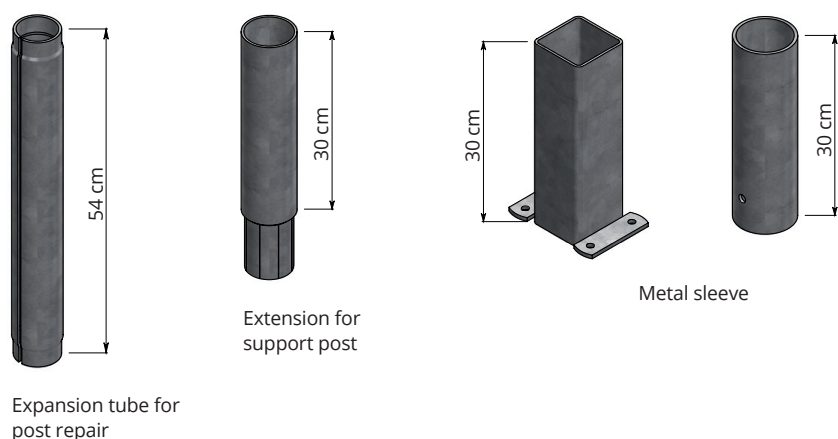

19 – 29 cm

Connecting strip for safety feed front

0 – 9 cm (standard at each feed front)

9 – 19 cm

19 – 29 cm
